CRM Training - Employees - Parks(extra)net

Note to participant	This training module was developed in accordance with the *Cultural Resource Management Policy* (2013). Since then, presentation and conservation of cultural heritage has continued to evolve, as evidenced in particular by commitments to Call to Action No. 79 and the publication of the *Framework for History and Commemoration: National Historic Sites System Plan 2019*. That being said, until the CRM Policy is revised in 2023, its principles and requirements, including commemorative integrity, take precedence and remain mandatory. You will note some changes in the executive since the creation of the module: Ron Hallman now holds the position of PCA President and CEO and Christine Loth-Bown is the Vice-President, Indigenous Affairs and Cultural Heritage Directorate. If you wish to provide us with your comments, questions or suggestions for improvements to the training, or to arrange a training session for a group, contact us at: pc.grc-crm.pc@canada.ca. Visit the CRM Intranet page for available resources and the latest news.
