

## Special Event Application Form

### Rideau Canal National Historic Site of Canada

The purpose of this application is to gather initial information about proposed special events occurring within the jurisdiction of the Rideau Canal National Historic Site of Canada. The completed application form will provide information for Parks Canada to do an initial review of your event proposal. If the event is given conceptual approval the event organizer may be required to provide additional information. For smaller events, this form may provide sufficient information.

Processing Time: 6-8 weeks

Special event applications must be thoroughly reviewed by Parks Canada staff, so allowing sufficient time for assessment is an important part of the process. Parks Canada will be evaluating the event application according to the principles outlined in Management Bulletin 2.6.10 Coordinators Guide for Recreational Activity & Special Event Assessments, in the following order<sup>1</sup>:

1. Facilitate Opportunities for Meaningful and Enjoyable Visitor Experiences
2. Respect Natural and Cultural Resource Protection Goals
3. Promote Understanding and Appreciation
4. Value and Involve Local Communities
5. Respect the Character of Place

The Director, Ontario Waterways shall, before issuing a permit for a special event and in order to determine the terms and conditions specified in a permit, take into account the effects of the activity on the cultural resources, natural resources, structures, equipment and objects in the historic canal; the safe navigation of vessels and the safe operation of locks, dams and bridges on the historic canal; the safety of persons on the historic canal; wildlife and the eggs and habitat of wildlife on the historic canal; and the historic character of the canal.
