

Animals of the Laurentians

Across

- Omnivorous mammal, my fur can be red.
- I'm the largest herbivorous mammal in Quebec, I'm from the deer family.
- I am very nimble, and according to legend I was my food before eating it.
- I am a carnivorous animal that lives in a pack and howls to communicate with others.
- I am a rodent, I carry my food in my jowls.
- To defend myself, I can use a foul-smelling spray that can spread over a radius of 2 km.
- A Canadian symbol, I'm also an excellent builder.

Down

- I am a semi-aquatic animal that love to play, I am found in both fresh and salt-water.
- I resemble a wolf, I'm becoming more present in urban areas...
- My back is covered with more than 30 000 quills...
- I'm the largest feline living in some of Quebec's forests.
- I hibernate during the winter and I'm the biggest omnivore in Quebec.
